As you can see, each of the 50 States whether it states the (*Ruler of the Universe, Supreme Being, Divine Guidance or the Creator*), all mention God in their Preamble/Constitution! Of all the religions of the world, not a particular one is mentioned, nor is one mentioned on government buildings, monuments or money! I'm not a religious person and do not belong to any denomination but do know and understand that something greater than man is in control.

So what's the problem with our country and why is it all falling apart! We can thank (mainly) the **ACLU**, the bad influences of Hollywood, the greedy corporate businesses, their lawyers and the out-of-control Federal Courts that agree with the minority instead of the majority! On top of this are the secrete society organizations that (I believe), really control our government and corporate world.

Please note: At no time is anyone told that they MUST worship God! Those that don't like our country and way of life but like what we offer ... then go back from where you came! As I see it, the only way to straighten out our invading government to follow and enforce the laws laid down in our Constitution ... is by a **REVOLUTION!** So **DON'T GIVE UP YOUR 2ND AMENDMENT** and **REMEMBER:**

"Those who will not be governed by God will be ruled by tyrants" William Penn
